

**Read the following passage about autonomous vehicles and mark the letter A, B, C, or D on your answer sheet to indicate the option that best fits each of the numbered blanks from 1 to 5.**

### **The Rise of Autonomous Vehicles**

Autonomous vehicles are transforming the transportation landscape, dramatically altering the way we think about and experience mobility. Companies around the world are investing heavily in developing self-driving technology. In 2020, the fully autonomous car (1) \_\_\_\_\_. This event marked a significant milestone in the automotive industry. Since then, several prototypes have been tested on public roads in a variety of countries, signaling growing momentum in the field.

These vehicles utilize advanced sensors and software (2) \_\_\_\_\_. They rely on a combination of LiDAR, cameras, and machine learning algorithms to navigate complex environments. (3) \_\_\_\_\_. The core design of autonomous vehicles prioritizes traffic optimization, with the overarching goal of reducing accidents and improving road safety for all users.

One of the most remarkable features of autonomous vehicles is their ability to communicate with each other and their surroundings. (4) \_\_\_\_\_. This communication enables them to make real-time decisions, enhancing safety and efficiency on the road.

As the technology continues to evolve, (5) \_\_\_\_\_. The widespread adoption of autonomous vehicles will not only revolutionize the way we drive but also reshape urban planning and public transportation systems, ushering in a new era of smart, interconnected cities.

**Question 1.** A. was first officially demonstrated at a major auto show

B. that demonstrated its capabilities at a major auto show

C. demonstrating its capabilities at a major auto show

D. which the demonstration was introduced at a major auto show

**Question 2.** A. combined various technologies for safe navigation

B. that combines advanced technologies for better navigation

C. is a combination of different technologies for navigation

D. which combine various technologies to navigate safely

**Question 3.** A. The goal of these vehicles is to enhance transportation efficiency

B. They are developed to maximize traffic congestion in cities

C. These vehicles aim to improve fuel efficiency and reduce emissions

D. These vehicles are being designed to optimize traffic flow

**Question 4.** A. Communication systems allow them to interact with each other

B. Autonomous vehicles rely on communication systems for safety

C. They use vehicle-to-vehicle communication systems

D. Their ability to communicate is vital for safe navigation

**Question 5.** A. we will see a shift in how we approach personal mobility

B. the future of driving is likely to be fundamentally different

C. the landscape of transportation will remain unchanged

D. this technology will have no impact on our daily lives

**Read the following passage about self-organized learning and mark the letter A, B, C, or D on your answer sheet to indicate the best answer to each of the following questions from 6 to 13.**

Self-organized learning is an educational approach where individuals take charge of their own learning process. Instead of relying solely on teachers or formal instruction, learners independently identify their goals, seek out resources, and evaluate their progress. This method has become increasingly popular with the growth of the internet and access to vast amounts of information. By exploring topics of personal interest, learners often develop a deeper understanding and stronger motivation to succeed.

A **critical** element of self-organized learning is curiosity. When learners ask meaningful questions and explore answers independently, **they** not only acquire knowledge but also develop problem-solving and

critical-thinking skills. For instance, students researching environmental issues might learn scientific principles, policy-making, and advocacy techniques, which enrich their understanding far beyond traditional classroom lessons.

However, **self-organized learning is not without its challenges**. Some learners struggle with managing time, staying motivated, or finding reliable information. Others may feel **overwhelmed** by the freedom and responsibility this method requires. Guidance from mentors or peers can help overcome these obstacles by providing structure and feedback while allowing learners to remain autonomous.

Self-organized learning aligns with the demands of the modern world, where adaptability and continuous learning are essential. By cultivating the ability to learn independently, individuals can keep pace with rapid technological advancements and changing job markets. Ultimately, this approach empowers learners to take control of their education and shape their futures.

**Question 6.** Which of the following is NOT mentioned as a challenge in self-organized learning?

- |                              |                           |
|------------------------------|---------------------------|
| A. Lack of motivation        | B. Unreliable information |
| C. Limited access to mentors | D. Time management        |

**Question 7.** The word **overwhelmed** in paragraph 3 is OPPOSITE in meaning to \_\_\_\_\_.

- |             |            |         |             |
|-------------|------------|---------|-------------|
| A. burdened | B. anxious | C. calm | D. confused |
|-------------|------------|---------|-------------|

**Question 8.** The word **they** in paragraph 2 refers to \_\_\_\_\_.

- |              |             |             |              |
|--------------|-------------|-------------|--------------|
| A. resources | B. teachers | C. learners | D. questions |
|--------------|-------------|-------------|--------------|

**Question 9.** The word **critical** in paragraph 2 could best be replaced by \_\_\_\_\_.

- |               |              |            |                |
|---------------|--------------|------------|----------------|
| A. irrelevant | B. essential | C. harmful | D. unimportant |
|---------------|--------------|------------|----------------|

**Question 10.** Which of the following best paraphrases the underlined sentence in paragraph 3?

- A. Self-organized learning leads to failure.
- B. Self-organized learning does not offer benefits.
- C. Self-organized learning comes with certain obstacles.
- D. Self-organized learning is free of difficulties.

**Question 11.** Which of the following is TRUE according to the passage?

- A. The development of self-organized learning is largely unaffected by technological advancements.
- B. Self-organized learning encourages learners to depend on teachers for guidance throughout the process.
- C. Individuals using self-organized learning often gain deeper insights and increased motivation through exploring personal interests.
- D. Self-organized learning does not require learners to evaluate their own progress.

**Question 12.** In which paragraph does the writer describe the role of curiosity in learning?

- |                |                |                |                |
|----------------|----------------|----------------|----------------|
| A. Paragraph 3 | B. Paragraph 1 | C. Paragraph 2 | D. Paragraph 4 |
|----------------|----------------|----------------|----------------|

**Question 13.** In which paragraph does the writer explain how this learning method suits the modern world?

- |                |                |                |                |
|----------------|----------------|----------------|----------------|
| A. Paragraph 2 | B. Paragraph 3 | C. Paragraph 4 | D. Paragraph 1 |
|----------------|----------------|----------------|----------------|

**Read the following passage about content creators and mark the letter A, B, C or D on your answer sheet to indicate the best answer to each of the following questions from 14 to 23.**

(I) A content creator is an individual who produces and shares material, often through digital platforms, to **engage** and entertain an audience. (II) This content can take various forms, including videos, blogs, podcasts, and social media posts. (III) The rise of content creators has been significantly fueled by advancements in technology and the accessibility of the internet, allowing anyone with a smartphone or computer to share their voice and creativity with the world. (IV)

The term "content creator" has gained traction in the 21st century, particularly with the emergence of platforms like YouTube, TikTok, and Instagram. These platforms provide users with tools to create, edit, and publish their work, making it easier than ever to reach a global audience. Content creators often focus on **niche topics**, catering to specific interests and communities, which helps them build dedicated followings.

One of the key aspects of being a successful content creator is understanding the audience. Creators must engage with their viewers, responding to comments and feedback, and adapting their content to meet the evolving preferences of their audience. **This interaction fosters a sense of community and loyalty.** Followers feel connected to the creator and invested in their journey.

However, the path of a content creator is not without challenges. Many creators face issues such as burnout, maintaining consistent quality, and navigating the complexities of monetization. Additionally, the competitive landscape requires creators to continually innovate and differentiate themselves from others in

their field.

Content creators play an essential role in digital marketing and brand promotion. By partnering with brands, they can influence purchasing decisions and reach target demographics effectively. This collaboration benefits both creators, who can monetize their content, and brands, which gain access to engaged audiences.

As the landscape of content creation continues to evolve, it is evident that these individuals are shaping the future of media and communication. Their ability to connect with audiences on a personal level and create authentic content resonates deeply in today's digital age, making them influential figures in popular culture.

**Question 14.** The word engage in paragraph 1 is OPPOSITE in meaning to \_\_\_\_\_.

- A. disconnect                      B. involve                      C. entice                      D. attract

**Question 15.** The phrase niche topics in paragraph 2 could best be replaced by \_\_\_\_\_.

- A. popular trends                      B. broad subjects  
C. general themes                      D. specialized interests

**Question 16.** Where in the paragraph 1 does the following sentence best fit?

**This accessibility of content creation empowers diverse voices and perspectives.**

- A. [I]                      B. [III]                      C. [II]                      D. [IV]

**Question 17.** Which of the following best paraphrases the underlined sentence in paragraph 3?

- A. Creators have no obligation to respond to their audience's comments.  
B. Creators need to engage with their followers to cultivate connection and commitment.  
C. Creators can disregard audience preferences since they have dedicated followings.  
D. Creators should ignore audience feedback to maintain their unique style.

**Question 18.** The word their in paragraph 4 refers to \_\_\_\_\_.

- A. content creators                      B. audiences                      C. challenges                      D. brands

**Question 19.** Which of the following best summarises paragraph 4?

- A. The main challenge for content creators is staying up-to-date with the latest technology.  
B. Many content creators struggle to maintain their audience and create unique content.  
C. Content creators face challenges like burnout, quality maintenance, and competition.  
D. Content creators are often overwhelmed by the pressures of social media.

**Question 20.** According to the passage, which of the following is NOT true about content creators?

- A. Technology has made it easier for individuals to become content creators.  
B. They engage with their audience to foster loyalty.  
C. All content creators are able to monetize their work easily.  
D. They often focus on specific topics to build their audience.

**Question 21.** Which of the following is TRUE according to the passage?

- A. Content creators primarily focus on traditional media formats.  
B. Content creators do not need to respond to audience comments.  
C. Successful content creators must understand and adapt to their audience.  
D. The role of content creators is diminishing in the digital age.

**Question 22.** Which of the following can be inferred from the passage?

- A. The popularity of content creators is solely based on entertainment value.  
B. The challenges faced by content creators are minimal compared to traditional careers.  
C. Content creators significantly influence consumer behavior and brand engagement.  
D. Content creators are becoming less relevant in modern marketing strategies.

**Question 23.** Which of the following best summarises the passage?

- A. Content creators are limited to video production and have little influence on marketing.  
B. Content creators produce material for social media, facing minimal challenges in their work.
